

No report yet of global cryptocurrency attack in India: CERT-In

New Delhi, Allaying fears that after "WannaCrypt" ransomware, India will be targeted by a cryptocurrency malware attack that quietly but swiftly generates digital cash from machines it has infected, the country's cyber security unit on Thursday said India is safe from the "Adylkuzz" malware.

"There are no reports of this 'Adylkuzz' malware from the Indian establishments yet. Users are advised to maintain updated anti-virus software and apply patches to operating systems and applications on regular basis," Sanjay Bahl, Director General of the Computer Emergency Response Team (CERT-In), told IANS.

After facing a massive ransomware attack that exploited a vulnerability in a Microsoft software and hit 150 countries, the same Windows vulnerability (MS17-010) was also exploited to spread "Adylkuzz" by another group of hackers.

GM India to cease domestic sales, focus only on exports

New Delhi, Automobile manufacturer General Motors India on Thursday said it will cease domestic sales by the end of 2017 and thereafter only focus on exporting its products from India.

According to the company, it will cease domestic sales on December 31, 2017. It will, however, continue to manufacture vehicles at its Talegaon plant, in Maharashtra, which will be exported. The automobile manufacturer said the decision to cease domestic sales follows a comprehensive review of future product plans for GM India, and is part of a

series of actions taken by the company to address the performance of its worldwide operations. "We explored many options, but determined the increased investment originally planned for India would not deliver the returns of other significant global opportunities," said Stefan Jacoby, GM's Executive Vice President and President of GM International.

Government to bring law to confiscate assets of economic offenders

New Delhi, In a bid to deal with economic offenders like liquor baron Vijay Malhi, who flee the country to escape the legal process, the government on Thursday said it has prepared a draft legislation to enable confiscation of their assets.

The draft law -- Fugitive Economic Offenders Bill, 2017 -- has been prepared and put in public domain at the Department of Economic Affairs, Ministry of Finance, website for comments and suggestions of all stakeholders.

"It is widely felt that the spectre of high-value economic offenders absconding from India to defy the legal process seriously undermines the rule of law in India," the Finance Ministry said here in a statement. "It is, therefore, felt necessary to provide an effective, expeditious and constitutionally permissible deterrent to ensure that such actions are curbed," the statement said.

"The government is considering to introduce legislative changes or even a new law to confiscate the assets of such absconders till they submit to the jurisdiction of the appropriate legal forum," the statement added. All stakeholders need to submit their suggestions by June 3. The legislative action is part of the Union Budget announcement.
